

ASaP – ASP made easy

Here at the DAISI Service our mission is to help schools manage, use and understand data more effectively. The ASP report remains largely numerical and an impenetrable read, especially for governors, even though they are required to understand your school's performance.

ASaP (Analysing School Attainment and Progress) is your essential electronic report distilling your school's ASP School Performance Summary into one simple to understand report with personalised analysis on every page.

ASaP for the Primary phase is packed with graphs and charts plus our ready-made performance statements covering the basic characteristics of your school:

- Absence
- Early Years
- Phonics
- KS1
- KS2 Attainment and progress

It reports

- By subject and pupil groups
- Percentage of pupils
- Attaining each outcome
- Prior attainment
- Closing the gap

We also present your data in additional appendices, throughout the key stages, by cohort type.

ASaP provides clear performance statements of the main data and what it means to your school. You can easily incorporate key messages into the data section of your SEF, use in your school development plan and ensure key staff, Governors and school improvement partners are clear about the data.

Perhaps most importantly, you can use it to prepare for Ofsted as it correlates to the 2018 Ofsted Inspection Data Summary Report (IDSR).

We price our reports so they are affordable to all schools, large or small, and they are tailored to primary, junior, lower, middle and infant schools.

We aim to produce 2018 ASaP reports within 4 working days of receipt of your data. Ordering is Easy:

ASaP helps you by:

No need to click through every page on the ASP and print it off

- ASaP is a single composite report

No need to filter your data multiple times

- ASaP analyses your data by cohort types

No need to wade through your ASP data twice

- Your ASaP reports come as a pair analysing your unvalidated and validated data, for no extra cost.

No need to manually rework your school data, as identified pupils can be removed

- The ASaP is available in a "School's Own Data" version.

No need to write explanations to show governors

- ASaP reports provides clear performance statements and what it means to your school.

No need to do all the analysis again for Ofsted.

- ASaP is cross-referenced to Ofsted's Inspection Data Summary Report, saving you time in finding the correlating detail.

We can also produce a bespoke report using your School's Own Data.
