<u>DAISI Education Primary Data Packages</u>

Forensic Analysis – Personalised for your School – Direct to your inbox

This guide gives you information about all the different products included
If you have any further questions – please do contact us.

<u>How do the DAISI Data Packages work?</u>

In order to create your detailed analysis, <u>we will need you to send it your data.</u>

*This can be downloaded it from ASP for QLA Results and the ASaP reports.
For all other analyses, it will need to be inputted in our spreadsheet and must include UPNs.*

We will look up your pupils using their UPNs in Key to Success to download their characteristics (FSM, EAL) and KS1 Prior Attainment to create a full and detailed analysis

The information provided to the DAISI Service of Nottingham City Council for use in creating your reports will not be used for any other purpose unless otherwise agreed.

Once data is received, we will be able to create a full analysis within days.

Our analysis comes as PDF reports – you will not be given a login to a system.

All analysis will be sent back direct to the email given with a secure password.

Forensic Data Packs

Early Years, Phonics, Key Stage 1, Key Stage 2, Key Stage 2 Heads Up

Our Key Stage Data Packs offer a forensic look at your key indicators in a clear and easy to read way. Used by schools and trusts alike, they are praised for their level of detail whilst remaining "accessible to all".

Our Data Packs cover...
- Attainment
- Absence
- Average point score
- Progress
- Scaled scores
- Subject combinations
- Pupil characteristics
- Attainment trends over time
- Deprivation indices
- Cohort performance analyses
- Individual performance analyses
- Benchmarking against local and national averages..

"The data pack reports are excellent and were really helpful. The detail and narrative was exactly what we need and we will certainly be using DAISI again. The service has been excellent and the speed they were put together was fantastic so thank you I am really grateful."

**Chief Executive Officer ,
DRB Ignite Multi Academy Trust**

They can also be re-created using "schools own data" removing identified pupils or including regrades (a very popular service with our own Nottingham schools).
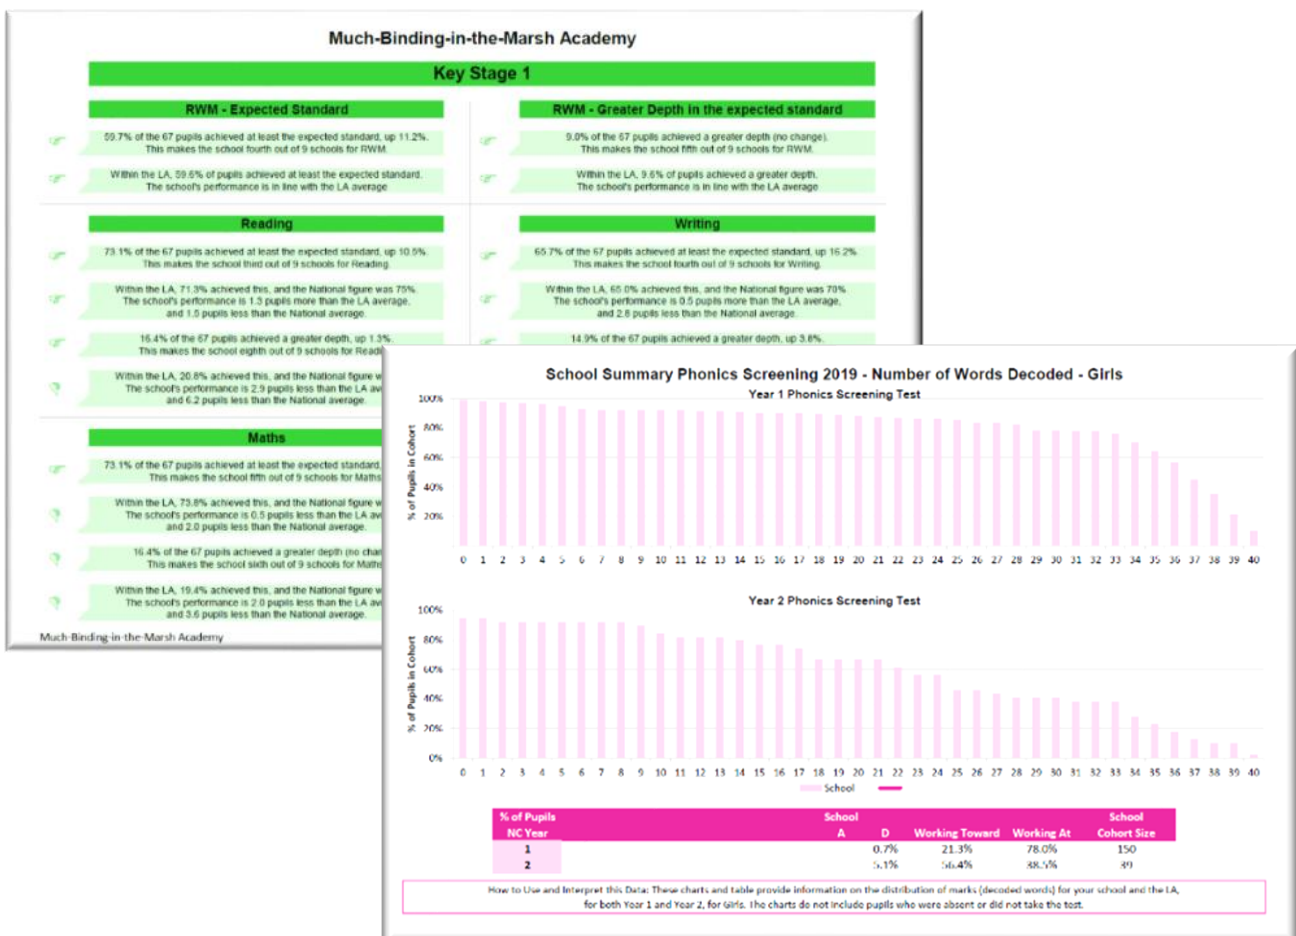

QLA Results

Stress free analysis of your KS2 SATs Results

- No data inputting for schools!
- See areas that are secure and gaps to focus on.
- Full Insight by Topic, Cohort and more
- Individual Pupil Profiles for every Pupil
- Forensic analysis to focus teaching and inform curriculum planning for the future.

Three powerful question level analysis subject reports for
Maths, Reading and Grammar Punctuation and Spelling
Plus a 26-page summary report.

Each Subject report shows:

- overall test performance
- outcomes by groups including gender, disadvantaged, SEN, EAL and prior attainment)
- question summary results
- question types results
- question performance by groups
- question performance per pupil and more….

Detailed Analysis by...

TOPIC — We divide up the questions into bespoke Topics allowing you to look for possible learning gaps.

COHORT — We break your results down for each of your various cohorts to give you a clear overall picture of your results.

QUESTION — Is there a particular question type which is a problem to your pupils and needs more CPD focus?

PUPIL — Our Individual Pupil Profiles enable you to look in depth at individual pupil's strengths and challenges

Analyse School Performance

Our ASaP reports provide a ready-made personalised analysis of your school's ASP School Performance Summary.

The ASaP Summary Report is packed with ASP charts plus our ready-made performance statements covering the basic characteristics of your school:
- Absence
- Early Years
- Phonics
- KS1
- KS2 Attainment and progress

It reports:
- By subject and pupil groups
- Percentage of pupils
- By Attaining each outcome
- Prior attainment
- Closing the gap

Your ASaP Cohort Report presents your data by cohort type.

We present a 3-page analysis for up to 42 different cohort types, including:

- Boy and Girls separately
- Free School meals
- Looked after children
- Disadvantaged
- English as an additional language
- SEN
- and each of your pupils' ethnicities.

This cohort analysis saves you valuable time and is not available in the ASP.

We provide two versions of your reports, one using your unvalidated data and then a second report using your validated data.

We can also create an alternative report based on your School's Own Data, as opposed to the data within ASP.

"Using the ASaP analysis with both staff and governors is so much more effective with the DAISI reports. The visual presentation makes it accessible to all, staff quickly assimilate the information they need to support their subject and school development plans. Whilst governors have the overview and detail they require to enable them to ask relevant, pertinent and searching questions with confidence and understanding."

DAISI Education

Data, Analysis and Insight for School Improvement

We are a team of expert analysts passionate about turning data into meaningful insight so your pupils can realise their potential.

DAISI Education was founded in 2011 supplying bespoke analysis to schools in the City of Nottingham.

We have now grown nationally and more and more individual Schools, Academies, Trusts, Federations and Local Authorities now trust us with their data needs.

We firmly believe

Every School is
INDIVIDUAL
& needs personalised insight

Every Pupil is
IMPORTANT
& deserves true attention

Every Trust/Federation is
DISTINCTIVE
& requires bespoke detail

Every Report is
UNIQUE
& Tailor-made

We make analysis easy giving clear and insightful reports that help make the marginal gains to improve school results. We offer a full year-round service and every penny we create is put straight back into education.

As a traded service out of Nottingham City Council, we work with every school and academy within the city and support headteachers and school leaders nationally to understand and manage their data. Our reporting also serves Local Authority officers and Education Improvement Boards with the intelligence needed to inform strategic dialogue and direction.

In 2019, we were also recognised as a 'world class supplier' for our work with outstanding schools by the world schools network – further proof of that our attention to detail and focussed data analysis is continuing to make a difference across the country.

We believe that each school requires a personalised solution to their data needs and offer timely, unique and tailor-made reports
