Data, Analysis and Insight for School Improvement

Welcome to our 2025 Brochure for School Federations

We are a team of expert analysts passionate about turning data into meaningful insight so your pupils can realise their potential. We believe that each school requires a personalised solution to their data needs and focus on the Insight, not the numbers. Our Analysis is forensic, detailed and proven to help you to identify the small steps that lead to big changes and improved outcomes. 80% of schools who used DAISI QLA over three years have seen an increase in their attainment.

Detailed Analysis - proven to drive conversation

We started working in partnership with Wirral Council in 2023. Since then, we have provided detailed analysis of KS2 SATs Results plus our Year 6 Maths Baseline. The PDF reports provided have enabled school improvement officers to take a real hands-on approach to address a key area across their schools. Headteachers are coming together to discuss the data and how to improve their curriculum based on evidence.

“Mark, Shaun and the team at DAISI have provided us with the in-depth information required to really drill down and discover what needs to be done to improve mathematics outcomes. Not only has their diagnostic information enabled us to identify specific strengths and weaknesses, it has also enabled us to flag up key pupil cohort achievement.

As a result, leaders are adapting the taught curriculum to ensure any gaps in knowledge are being effectively addressed. I would recommend the DAISI analysis package to anybody who really wants to understand what their assessment information is truly telling them.”

John Tomlinson, Senior School Advisor – School Effectiveness, Wirral Council

Established Service – proven to last

Luton Council has worked in partnership with DAISI Education since 2016. We provide comprehensive performance reports for many of their schools including data packs, QLA, Analyse School Performance and more.

“From the outset, working with the DAISI team has been a positive experience. They are responsive to the needs of the authority and schools and have enabled us to develop the service to meet our needs. The expertise of colleagues in the DAISI team has been invaluable, providing suggestions, advice, guidance and updates.

Schools have been very impressed with the quality and content of the reports. The presentation of information is very comprehensive and easy to access at various levels, whether you want an overview or more detailed understanding of performance. The service is good value for money. I am delighted that we have entered into this partnership which is mutually beneficial to both parties and invaluable in these times of limited resources.”

Carol Wylde, School Improvement Adviser, Luton Council

Forensic Insight – proven to make a difference

Our reports offer a timely, unique and detailed look into school data. We focus on the Insight – not the numbers – and aim to identify the Small Steps that lead to Big Changes. We show all the results in forensic detail enabling headteachers to dive in and act to change curriculum and guide learning.

“We struggled historically with reading results at the end of KS2 and used DAISI QLA to drill down into the reasons why reading was significantly lower than maths. Using QLA we found that the issues were EAL pupils struggling with vocabulary -we introduced word of the week, then realising we needed more, word of the day. We also put on additional pre teaching sessions with an EAL teacher. We also identified that inference was a massive problem and we made it our whole school target, had loads of CPD and this made a massive difference. In 2016, our reading EXP was 54%. In 2017, it was 68% and in 2018, it was 79%. There is no way I have the time or capacity to complete analysis to the level & in the detail that the DAISI team do. They save me days of work & the information this gives me allows us to develop whole school targets that we can show improve the attainment of our pupils.”

Deputy Headteacher, Seely Primary School, Nottingham

“Fantastic and so simple to use. In addition, it would have taken us an inordinate length of time to produce anything quite like it... Thank you! Outstanding Best Value!!!”

Broadway Junior School, Sunderland

“After showing our Executive Headteacher the quality of the analysis you have provided, she has asked me to let you know how impressed we are with the analysis, including the speed we received it. We really appreciate the program you have developed to do this. We could never have achieved the same depth of analysis with the equivalent cost of staff time.”

Assistant Headteacher, Gladless Primary School, Sheffield

Mock SATs Past Papers

Every Question, Topic, Cohort and Pupil

- Every Question analysed in detail.
- Full Topic Breakdown across all papers.
- Single Page views with clear graphs and charts
- Individual Pupil Profiles for every pupil
- Give your teachers the tools to work with every individual pupil in the build up to KS2 SATs.

Available with 2016, 2017, 2018, 2019 and 2022, 2023, 2024 SATs papers.
Order a full Set or for Individual Subjects

Targeted Topic Focus

We divide up the questions into bespoke Topics – allowing teachers to create their bespoke lesson plans to address the learning gaps and create a bespoke curriculum around the needs of their pupils. Detailed insight allows you to target areas and make marginal gains.

Detailed Cohort Insight

We break your results down into all your many cohorts – gender, disadvantaged, SEN, EAL, prior attainment and more - to enable you to work with them on the areas in need.

Individual Pupil Performance

Our Pupil on a Page profile enables the class teacher to focus in on the areas of need for each individual child. See the questions and topics that need extra focus. This analysis is perfect for tutors and individual teaching assistants alike for personalised interventions.

“Enormous thanks for the QLAs. I’m really pleased with them. My Y6 teachers can now focus their teaching on specific areas during the spring and early summer to give the children the best possible chance of achieving their potential in the SATs.”

Grangehurst Primary School, Coventry

“Thankyou! We have found the DAISI reports very useful – not only for identifying weaknesses in particular groups in the cohort – but to think about changes we might need to make to our new Year 6 next year.”

Kirkburton Middle School, Huddersfield (The Mast Academy Trust)

One Hour Maths

Why do three papers when one will do?

- One Hour long Assessment in Mathematics
- All questions taken from previous SATs papers.
- Chosen to provide full KS2 curriculum coverage.
- Same topic ratio as the full SATs papers.
- Forensic Analysis for Teachers for use in the build up to the KS2 SATs.

Our OneHourMaths gives schools the choice to run shorter SATs based tests whilst still providing that essential detailed and forensic analysis.

Our OneHourMaths papers look at the whole KS2 Curriculum. All the questions have been taken from SATs past papers – each carefully chosen to guarantee every topic is tested and a variety of question types are attempted. They therefore can provide the same forensic analysis as if looking at all three Mathematics papers.

As part of the package, we also provide a Full and Forensic Analysis of the Results including by topic, question type, all your many cohorts plus our individual pupil profiles specially designed to aid interventions.

What do we need you to do?

Each assessment is delivered as a PDF and arrives ready made for photocopying and use in the classroom saving you valuable time. It comes with its own mark scheme giving a clear indication of where each question has been taken from in the original paper. Teachers will need to mark each paper and input the results in our spreadsheet for our forensic analysis. You would need to enter names, UPNS and the individual marks into our spreadsheet.

Time-Saving Assessment Paper and Mark Scheme

- Shorter Assessment – arrives pre-prepared saving teacher time.
- Full Mark Scheme linked to original topics and questions.
- Each question cross-referenced showing what each question is assessing.

Detailed Forensic Analysis of the Results

- Forensic Topic Insight across all categories
- Cohort Analysis to enable you to see specific groups.
- Detailed Insight allowing you to identify key gaps and prioritise interventions.

“I think they are a great tool and really help us to analyse our data in great detail. I have been telling everyone how good they are & how they have saved hours of work. This has allowed me to focus on how we can improve teaching and learning rather than spending time on the data analysis – a very welcome change.”

Captain Cook Primary School, Middlesbrough (James Cook Learning Trust)

Year 6 Maths Baseline

Focus your Teaching from the start of Year 6

- One Hour long Assessment
- All questions taken from previous SATs papers.
- Chosen to focus only on Y3, Y4 and Y5 curriculum.
- No material due to be covered in Year 6
- Same topic ratio as the full SATs papers.
- Forensic Analysis for Teachers for use throughout Year 6 in the build up to the KS2 SATs.

Our Mathematics Baseline is designed for you to use at the start of Year 6 to help identify key gaps and prioritise actions for the future.

Our Mathematics Baseline Assessment is designed for you to use at the end of Year 5 or start of Year 6 to help identify key gaps and prioritise actions for the future. All questions have been taken from the three Mathematics SATs papers – focusing only on the Year 3, Year 4 and Year 5 curriculum. No material due to be covered in Year 6 is included in the assessment.

Our Individual Pupil Profiles give you a personalised overview

Our detailed analysis give a clear overview of how the cohort performed down to the performance in every question. This includes our pupil profiles which give a visual starting point for all intervention and teaching required throughout year 6.

What do we need you to do?

Each assessment is delivered as a PDF and arrives ready made for photocopying and use in the classroom saving you valuable time. It comes with its own mark scheme giving a clear indication of where each question has been taken from in the original paper. Teachers will need to mark each paper and input the results in our spreadsheet for our forensic analysis. You would need to enter names, UPNS and the individual marks into our spreadsheet.

Bespoke Assessment Paper to guide interventions

- One hour Assessment – easy to use in one lesson

Analyse School Performance

We look for the answers to save you time

- No data inputting required
- Clear performance statements for your SEF
- Detailed Analysis into all your many Cohort Groups (not included in ASP)
- First created with the unvalidated data and fully updated for free with the validated data later in the year.

Time Saving Forensic Analysis of Analyse School Performance
Designed and created to help you save time and use your data well.

The DfE's Analyse School Performance (ASP) service is used to judge your school and so it is important that headteachers are fully aware of what it says as this could drive the data conversations at a later date.

You can easily:

- Incorporate key messages into the data section of your SEF or school development plan
- Work with key staff to ensure evidence-based decisions are taking place around curriculum planning
- Use to present your data in a simple way to Governors and school improvement partners to help them support you better.

The data download from ASP takes no more than 5-10 minutes and full instructions are provided. Once created, we will send your bespoke analysis back to you by encrypted email.

“Analysis with both staff and governors is so much more effective with the DAISI ASaP reports. The visual presentation makes it accessible to all. Staff quickly assimilate the information they need to support their subject & school development plans - whilst governors have the overview & detail they require to enable them to ask relevant and searching questions with confidence and understanding.”

Head Teacher, Athelstan Community Primary School

“Really analytical review of ASP – Exactly what I needed”

Head Teacher, Bushmead School, Cambridgeshire

“Will save huge amounts of time and support Governor/SLT knowledge. So glad I purchased it!”

Headteacher, Westglade Primary School

DAISI Education

Data, Analysis and Insight for School Improvement

We are a team of expert analysts passionate about turning data into meaningful insight to help all pupils realise their potential.

DAISI Education was founded in 2011 supplying bespoke analysis to schools in the City of Nottingham. We have now grown nationally and more and more individual Schools, Academies, Trusts, Federations and Local Authorities have chosen us for forensic analysis of their data.

We firmly believe

Every School is

INDIVIDUAL

& needs personalised insight

Every Pupil is

IMPORTANT

& deserves true attention

Every Trust/Federation is

DISTINCTIVE

& requires bespoke detail

Every Report is

UNIQUE

& Tailor-made

We make analysis easy giving clear and insightful reports that help make the marginal gains to improve school results. We believe that each school requires a personalised solution to their data needs and offer timely, unique and tailor-made reports. Headteachers, Governors and School Improvement advisors have all praised our reports as being “*Accessible to all*” and “*Outstanding Best Value*”.

“Analysis from DAISI Education seriously helps to reduce the workload for Senior Leaders”

HEADTEACHER CHAT

As a traded service out of Nottingham City Council, our reporting also serves Local Authority officers and Education Improvement Boards with the intelligence needed to inform strategic dialogue and direction. We offer a full year-round service and every penny we create is put straight back into education.

In 2019, we were recognised as a ‘world class supplier’ for our work with outstanding schools by the world schools network – further proof of that our attention to detail and focussed data analysis is continuing to make a difference across the country.
