*Data, Analysis and Insight for School Improvement*

## Welcome to our 2026 Brochure for Primary Schools

Since 2011, we've helped many schools turn complex information into clear, actionable insights. Our Product range delivers powerful data analysis designed to make a real difference in your school or academy. We keep data analysis straightforward - instead of overwhelming you with numbers, our reports focus on insight, identifying the small steps that lead to big changes.

- ✓ **Affordable** – Tools for every school, regardless of size or budget
- ✓ **Accessible** – Used by teachers, leaders, and governors
- ✓ **Impactful** – Insights that support learning and drive progress
- ✓ **Trusted** – By school leaders nationwide for over a decade.
- ✓ **Proven** – Delivering clarity and confidence where it matters most.

*“DAISI save me days of work & the information they give me allows us to develop whole school targets that we can show improve the attainment of our pupils.  
I am a massive fan of DAISI Analysis and find it invaluable.”*

*Headteacher - Nottingham*

Every report we produce is delivered as a professionally formatted PDF, making it easy to read, print, share and present. There is no system to log in to — just clear, accessible, high-value analysis created for you by experienced data specialists.

**ASP Phonics Insight**

(incl. all cohorts)

We use a price-per-pupil approach because it offers fair, transparent, and consistent value for money for every school — regardless of size. Your cost is based on the total number of pupils recorded for your school in Get Information About Schools (GIAS), ensuring pricing is clear and aligned with official data.

Before you formally order your package, we create a full and bespoke quotation for your school. This provides clarity on what is involved help you understand how the process works. If you are happy with the quotation, we will then ask you to formally order using our order form. This gives us full permission to access your data and provides a password to allow for encrypted transfer of all analysis from us to you.

**To create your analysis, we will require you to securely send us your school data.**

- This is usually through downloads from ASP (QLA Results, ASaP Reports) but will also involve you inputting the scores into our spreadsheets.
- We will look up your pupils using their UPNs in Key to Success to download their characteristics (FSM, EAL) and KS1 Prior Attainment to create a full and detailed analysis.

**Once data is received, we are able to create a full analysis within days.**

# KS2 SATs Results

Proven to help Improve Outcomes over time

- No data inputting for schools!
- See areas that are secure & gaps to focus on.
- Full Insight by Topic, Cohort and more
- Individual Pupil Profiles for every Pupil
- Forensic analysis to focus teaching and inform curriculum planning for the future.

Three powerful Subject reports for Maths, Reading and GPS plus full Summary Report and Individual Pupil Profiles.

If you want faster improvement, stronger Ofsted conversations, and clear evidence for leadership decisions, **you need more than raw results**. Our Question Level Analysis transforms the raw SATs data into proven insight that changes teaching, informs strategy and boosts attainment.

**We don't stop at individual answers.** By analysing trends across topics, cohorts and curriculum areas, we reveal the patterns that matter most and highlight the opportunities your school may be missing. We provide leaders with the clarity and evidence they need to take focused, high-impact action.

And because our analysis has been used by schools for decades, **the results are proven**. Time and again, schools see measurable improvements in attainment, teaching quality and strategic decision-making.

## Each Subject report shows:

overall test performance  
outcomes by groups including gender, disadvantaged, SEN, EAL and prior attainment and more..

*“Fantastic and so simple to use. In addition, it would have taken us an inordinate length of time to produce anything quite like it... Thank you! Outstanding Best Value!!!”*

Broadway Junior School, Sunderland

A screenshot of a 'Question Summary - All Papers by Question Type' report. It is divided into three sections: GPS, Reading, and Mathematics. Each section contains a table with columns for 'All Papers Question Types', 'Max Marks Available', 'Scores Achieved', 'School', 'National', and 'National Gap'. The GPS section shows scores for 'Communicative forms / word classes', 'Punctuation', 'Spelling', 'Work forms, tense and consistency', 'Comparing words, phrases and clauses', 'Functions of sentences', 'Standard English and formality', and 'Vocabulary'. The Reading section shows scores for 'Identify details', 'Make and explain inferences', 'Make and explain inferences', 'Make comparisons within the text', and 'Summarise main ideas'. The Mathematics section shows scores for 'Fractions, decimals and percentages', 'Measurement', 'Number and place value', 'Ratio and proportion', 'Algebra', 'Geometry - position and direction', and 'Geometry - properties of shapes'. Each row in the tables has a color-coded bar representing the 'National Gap'.

*“After showing our Executive Headteacher the quality of the analysis you have provided, she has asked me to let you know how impressed we are with the analysis, including the speed we received it. We really appreciate the program you have developed to do this. We could never have achieved the same depth of analysis with the equivalent cost of staff time.”*

# Year 6 Maths Baseline

Focus your Teaching from the start of Year 6

- One Hour long Assessment
- All questions taken from the 2019 SATs paper.
- Chosen to focus only on Y3, Y4 and Y5 curriculum.
- No material due to be covered in Year 6
- Same topic ratio as the full SATs papers.

Our Mathematics Baseline is designed for you to use at the start of Year 6 to help identify key gaps and prioritise actions for the future.

Our Year 6 Maths Baseline is designed for the end of Year 5 or start of Year 6, helping schools quickly pinpoint learning gaps and prioritise next steps with confidence. It focuses solely on content from the Year 3, Year 4, and Year 5 curriculum — ensuring no Year 6 material is included.

Our detailed analysis gives a clear overview of how the cohort performed down to the performance in every question. This includes our pupil profiles which give a visual starting point for all intervention and teaching required throughout year 6.

## What do we need you to do?

Each assessment is delivered as a PDF and arrives ready made for photocopying and use in the classroom saving you valuable time. It comes with its own mark scheme giving a clear indication of where each question has been taken from in the original paper. Teachers will need to mark each paper and input the results in our spreadsheet for our forensic analysis. You would need to enter names, UPNS and the individual marks into our spreadsheet.

## Bespoke Assessment Paper to guide interventions

- One hour Assessment – easy to use in one lesson
- Full Mark Scheme linked to original topics and questions.

## Full and Forensic Analysis of the Results

- Detailed Insight by Topic, Question and Cohort to enable you to see specific groups.
- Pupil on a Page Profiles to guide teaching through Year 6

*“It is good to look for areas/types of questions where children have struggled, and we need to focus on further in the future. The QLA for each individual child is really useful when looking particularly at their individual progress in each topic.”*

*Headteacher, Fernwood Primary School, Nottingham*

*“The Team at DAISI have provided us with the in-depth information required to really drill down and discover what needs to be done to improve mathematics outcomes. Not only has their diagnostic information enabled us to identify specific strengths and weaknesses, it has also enabled us to flag up key pupil cohort achievement. As a result, leaders are adapting the taught curriculum to ensure any gaps in knowledge are being effectively addressed.”*

# One Hour Maths SATs

Why do three papers when one will do?

- One Hour long Assessment in Mathematics
- All questions taken from previous SATs papers.
- Chosen to provide full KS2 curriculum coverage.
- Same topic ratio as the full SATs papers.
- Forensic Analysis for Teachers for use in the build up to the KS2 SATs.

Our OneHourSATs gives schools the choice to run shorter SATs based tests whilst still providing that essential detailed and forensic analysis.

Our OneHourMaths papers look at the whole KS2 Maths Curriculum. All the questions have been taken from SATs past papers – each carefully chosen to guarantee every topic is tested and a variety of question types are attempted. They therefore can provide the same forensic analysis as if looking at all three Mathematics papers.

**Three Assessments available – 2017, 2019 or 2024 past papers.**

As part of the package, we also provide a Full and Forensic Analysis of the Results including by topic, question type, all your many cohorts plus our individual pupil profiles specially designed to aid interventions.

## What do we need you to do?

Each assessment is delivered as a PDF and arrives ready made for photocopying and use in the classroom saving you valuable time. It comes with its own mark scheme giving a clear indication of where each question has been taken from in the original paper. Teachers will need to mark each paper and input the results in our spreadsheet for our forensic analysis. You would need to enter names, UPNS and the individual marks into our spreadsheet.

## Time-Saving Assessment Paper and Mark Scheme

- Shorter Assessment – arrives pre-prepared saving teacher time.
- Full Mark Scheme linked to original topics and questions.
- Each question cross-referenced showing what each question is assessing.

## Detailed Forensic Analysis of the Results

- Forensic Topic Insight across all categories
- Cohort Analysis to enable you to see specific groups.
- Detailed Insight allowing you to identify key gaps and prioritise interventions.

*“I think they are a great tool and really help us to analyse our data in great detail. I have been telling everyone how good they are & how they have saved hours of work. This has allowed me to focus on how we can improve teaching and learning rather than spending time on the data analysis – a very welcome change.”*

*Captain Cook Primary School, Middlesbrough (James Cook Learning Trust)*

# Mock SATs Past Papers

Don't just mark your mock SATs — maximise them.

- Every Question analysed in detail.
- Full Topic Breakdown across all papers.
- Single Page views with clear graphs and charts
- Individual Pupil Profiles for every pupil
- Give your teachers the tools to work with every individual pupil in the build up to KS2 SATs.

Available with 2016 - 2019 and 2022, 2023, 2024, 2025 SATs papers.  
Order a full Set or for Individual Subjects

Our comprehensive Mock SATs Analysis turns raw scores into clear, actionable intelligence that transforms teaching and accelerates progress. Using past papers from 2016–19 and 2022–25, we show you exactly where your pupils are secure, where they're struggling, and, most importantly, where to focus next..

## Targeted Topic Focus

We divide up the questions into bespoke Topics – allowing teachers to create their bespoke lesson plans to address the learning gaps and create a bespoke curriculum around the needs of their pupils. Detailed insight allows you to target areas and make marginal gains.

## Detailed Cohort Insight

We break your results down into all your many cohorts – gender, disadvantaged, SEN, EAL, prior attainment and more - to enable you to work with them on the areas in need.

## Individual Pupil Performance

Our Pupil on a Page profile enables the class teacher to focus in on the areas of need for each individual child. See the questions and topics that need personalised interventions.

*“Enormous thanks for the QLAs. I'm really pleased with them. My Y6 teachers can now focus their teaching on specific areas during the spring and early summer to give the children the best possible chance of achieving their potential in the SATs.”*

Grangehurst Primary School, Coventry

*“We have found the DAISI reports very useful – not only for identifying weaknesses in particular groups in the cohort – but to think about changes we might need to make to our new Year 6 next year. Insight that helped us move from “we think” to “we know exactly what to do.”*

Kirkburton Middle School, Huddersfield (The Mast Academy Trust)

# Analyse School Performance

We look for the answers to save you time

- No data inputting required
- Clear performance statements for your SEF
- Detailed Analysis into all your many Cohort Groups (not included in ASP)
- First created with the unvalidated data and fully updated for free with the validated data later in the year.

Time Saving Forensic Analysis of Analyse School Performance  
*Designed and created to help you save time and use your data well.*

The DfE's Analyse School Performance (ASP) service is used to judge your school and so it is important that headteachers are fully aware of what it says as this could drive the data conversations at a later date.

You can easily:

- Incorporate key messages into the data section of your SEF or school development plan
- Work with key staff to ensure evidence-based decisions are taking place around curriculum planning
- Use to present your data in a simple way to Governors and school improvement partners to help them support you better.

The data download from ASP takes no more than 5-10 minutes and full instructions are provided. Once created, we will send your bespoke analysis back to you by encrypted email.

*“Analysis with both staff and governors is so much more effective with the DAISI ASaP reports. The visual presentation makes it accessible to all. Staff quickly assimilate the information they need to support their subject & school development plans - whilst governors have the overview & detail they require to enable them to ask relevant and searching questions with confidence and understanding.”*

Head Teacher, Athelstan Community Primary School

*“Really analytical review of ASP – Exactly what I needed”*

Head Teacher, Bushmead School, Cambridgeshire

*“Will save huge amounts of time and support Governor/SLT knowledge. So glad I purchased it!”*

Headteacher, Westglade Primary School

# Key Stage Data Packs

Clarity. Confidence. Value.

DAISI Data Packs give schools the high-quality analysis they need to make informed decisions—without the workload.

Every report is written by experienced analysts and designed to turn complex data into clear, actionable insight that supports leaders, teachers and governors.

A full collection of Data Packs: Early Years, Phonics, and Key Stage 2, ensuring every setting receives exactly the insight it needs.

## ■ EYFSP

*A Deep Dive across every ELG.*

Our EYFSP Data Pack provides a forensic breakdown of attainment across every ELG, helping you identify strengths, learning gaps and emerging trends from the very start of a child's journey. With easy-to-read charts, clear written commentary, and cohort-level insights, this pack equips leaders with a confident understanding of early learning foundations.

## ■ Phonics

*Turn outcomes into insight.*

This pack analyses pass rates, cohort trends, individual performance, and key group gaps, giving you a sharp understanding of early reading development. Perfect for monitoring progress, planning intervention and strengthening your school's reading strategy.

## ■ Key Stage 2 Results

*Your all-in-one analysis of KS2*

This data pack delivers a comprehensive review of attainment, progress indicators, subject trends, cohort characteristics, and year-on-year performance. Designed to support SLT, teachers and governors, it provides clear messages to guide curriculum development, target teaching, and drive ongoing school improvement.

## ■ Key Stage 2 Scaled Scores

*Dig deeper into the detail*

This data pack provides a full exploration of scaled scores, including distribution patterns, subject-level breakdowns, group comparisons and trends over time. Ideal for identifying pupil clusters, understanding the depth of attainment, and supporting evidence-based planning for future cohorts

*“The data pack reports are excellent and were really helpful. The detail and narrative were exactly what we need, and we will certainly be using DAISI again. The service has been excellent and the speed they were put together was fantastic so thank you I am really grateful.”*

# DAISI Education

*Data, Analysis and Insight for School Improvement*

**We are a team of expert analysts passionate about turning data into meaningful insight to help all pupils realise their potential.**

DAISI Education was founded in 2011 supplying bespoke analysis to schools in the City of Nottingham. We have now grown nationally and more and more individual Schools, Academies, Trusts, Federations and Local Authorities have chosen us for forensic analysis of their data.

We firmly believe

**Every School is**

**INDIVIDUAL**

& needs personalised insight

**Every Pupil is**

**IMPORTANT**

& deserves true attention

**Every Trust/Federation is**

**DISTINCTIVE**

& requires bespoke detail

**Every Report is**

**UNIQUE**

& Tailor-made

We make analysis easy giving clear and insightful reports that help make the marginal gains to improve school results. We believe that each school requires a personalised solution to their data needs and offer timely, unique and tailor-made reports. Headteachers, Governors and School Improvement advisors have all praised our reports as being “*Accessible to all*” and “*Outstanding Best Value*”.

**“Analysis from DAISI Education seriously helps to reduce the workload for Senior Leaders”**

HEADTEACHER CHAT

As a traded service out of Nottingham City Council, our reporting also serves Local Authority officers and Education Improvement Boards with the intelligence needed to inform strategic dialogue and direction. We offer a full year-round service and every penny we create is put straight back into education.

In 2019, we were recognised as a ‘world class supplier’ for our work with outstanding schools by the world schools network – further proof of that our attention to detail and focussed data analysis is continuing to make a difference across the country.

Why not make DAISI a key part of your School Improvement Journey this year?
